# COMMERCIAL ITEM DESCRIPTION

## LAMP, FLUORESCENT (TRADE NO. F96T12/CWX/Energy Saving)

The General Services Administration has authorized the use of this commercial item description.

This description covers an instant start energy, saving fluorescent lamp of 425 milliamp operation.

Salient characteristics.

Bulb - T12
Length - 96 inches
Diameter - 1-1/2 inches
Watts - 60
Base - Single pin
Rated average life at 3 hours per start - 12,000 hours
Lumens, initial - 4,000 (Initial lumen ratings are based upon 100-hour photometry reading at rated lamp watts).
Color - Deluxe cool white
The fluorescent lamp shall be in accordance with ANSI C78.3 and ANSI C78.375.

The issues of ANSI C78.3 and C78.375 in effect on the date of the solicitation shall be used to determine compliance with these requirements.

Regulatory requirements. The offeror/contractor is encouraged to use recovered materials in accordance with Public Law 94-580 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. The preservation, packaging, packing, labeling, and marking shall be as specified in the contract or order.

Preproduction inspection. One package of lamps, produced using the same tooling, production, and assembly methods that are used for production lots, shall be submitted for examination and test in accordance with the above requirements. Documentation consisting of the certification and test data shall be presented for examination during performance of the preproduction inspection. Failure of the preproduction samples to pass the examination of one or more of the tests, the lack of required documentation, or failure of the documentation to substantiate conformance to the requirements of this CID shall be cause for rejection.
