COMMERCIAL ITEM DESCRIPTION

IRONING BOARD, HOUSEHOLD

The General Services Administration has authorized the use of this commercial item description in preference to type II of Federal Specification RR-I-660.

This commercial item description covers household metal ironing boards.

Salient characteristics:

Nominal 54 x 14-1/2 inch (54 ±1 x 14-1/2 ±1/2 inch) top.
Vented or perforated top
Adjustable height
Fold flat for storage
Capped legs to prevent creeping or marring
Shall be capable of supporting in any position a 50 pound weight placed on the center of the board with a bearing area not more than 8-inches square
Painted or plated finish

Workmanship. The finished board shall be clean, well made, and free from any defects which may affect appearance or serviceability.

Certification. The contractor shall certify that the product offered meets the salient characteristics of this description, and that the product conforms to the producer's own drawings, specifications, standards, and quality assurance practices, and is the same product sold in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements. The manufacturer shall utilize recovered materials to the maximum extent practicable.

Packaging, packing, and marking. The items shall be packaged in accordance with nominal commercial practice and packed to assure acceptance by common carrier and provide product protection against loss and damage during multiple shipments, handling and storage. The shipping container shall be in compliance with the National Motor Freight Classification and Uniform Freight Classification. Shipping containers shall be marked as specified in the contract or order.
