COMMERCIAL ITEM DESCRIPTION
RUBBISH PICKER

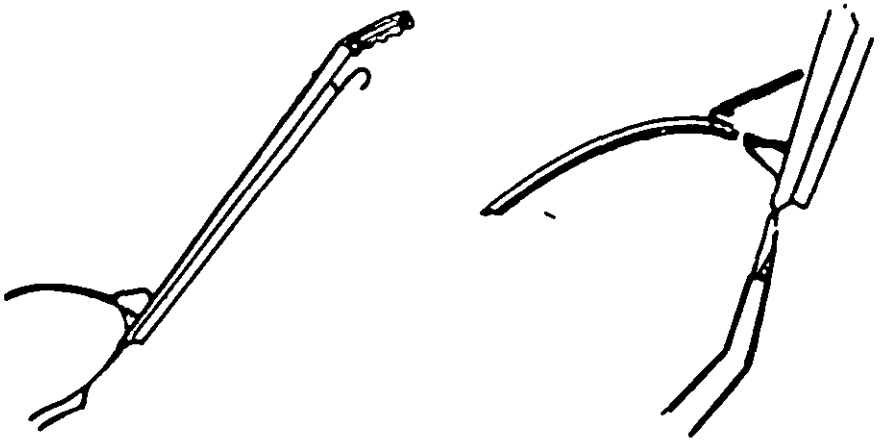
The General Services Administration has authorized the use of this commercial item description.

This commercial item description covers a rubbish picker used for picking up bottles, cans, paper, or the like.

Salient characteristics:

Length: 33 inches (plus or minus 2 inches).
Lever actuated.
Aluminum tubing handle with plastic grip.
Tempered steel fork-like picker.
Rubber coated grabber.
Lunde Manfacturing, Inc., model "Eagle Claw," or equal.

Workmanship. Shall be free of defects that may impair serviceability and durability.



Certification. The contractor shall certify that the product offered meets the salient characteristics of this description and that the product conforms to the producer's own drawings, specifications, standards, and quality assurance practices and is the same product offered for sale in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Recovered materials. The manufacturer shall utilize recovered materials to the maximum extent practicable.

Preservation, packaging, packing, and marking. The preservation (when applicable), packaging, and packing shall be in accordance with normal commercial practice and shall assure acceptance by common carrier and provide product protection against loss and damage during multiple shipments, handling, and storage. The shipping container shall be in compliance with the National Motor Freight Classification and Uniform Freight Classification. Marking shall be as specified in the contract or order.

Note: Assigned National Stock Number (NSN) 5120-01-079-9298.
