DATA ITEM DESCRIPTION
Title: Contractor's Material Handling Equipment (MHE) Training and Qualification Report

Number: DI-MGMT-82087
AMSC Number: N9747
DTIC Applicable: No
Preparing Activity: SH
Applicable Forms: N/A

Approval Date: 20161208
Limitation: N / A
GIDEP Applicable: No
Project Number: MGMT-2017-007

Use/Relationship: This DID is used to identify that all personnel, including subcontractors, assigned to operate Material Handling Equipment on a nuclear vessel have been trained prior to start of work.

This DID contains the format and content preparation instructions for the data product generated by the specific and discrete task requirement as delineated in the contract.

Requirements:

1. Format. The report shall be in the contractor's format.

2. Content. The report shall include the following information:

    a. Contract number
    b. Title
    c. Program name
    d. Contractor's name and address
    e. Contract number
    f. CDRL Exhibit number
    g. Revision level
    h. Approval/submission
    i. Date
    j. Data item author
    k. Review/Approval record
    l. Signature

2.1 The report shall contain and discuss the following information:

    a. Purpose
    b. References
    c. Provide a copy of employee MHE equipment qualifications (as applicable).
