DATA ITEM DESCRIPTION
Title: REPORT OF SHIPMENT (RESHIP) DATA REQUIREMENTS

Number: DI-SESS-82098
AMSC Number: N9762
DTIC Applicable: N/A
Preparing Activity: AS
Applicable Forms: None

Approval Date: 20170111
Limitation: N/A
GIDEP Applicable: N/A
Project Number: SESS-2017-005

Use/Relationship: This report notifies the domestic customer or transshipping activity clearance authority (OCEAN) or customer service branch (CSB) (AIR) or Continental United States (CONUS) sea terminal of the transportation of arms, ammunition, and explosives (AA&E) and sensitive materiel.

This Data Item Description (DID) contains the format, content, and intended use for the data product resulting from the work task described in the contract statement of work (SOW).

REQUIREMENTS:

1. Format. The REPSHIP shall be in contractor's format.

2. Content. The REPSHIP shall contain the following data:

From: Shipping Activity
To: Domestic Customer or Transshipping Activity Clearance Authority (OCEAN) or Customer Service Branch (CSB) (AIR) or CONUS sea terminal

Info: Sponsoring Service Accountable Supply Activity Ultimate Consignee/Final Destination
Subject: Report of Shipment (REPSHIP)

1. Shipment date written as a three-digit day of the year (Julian).

2. Estimated Time of Arrival (ETA) written as a three-digit day of the year (Julian) (Observe Standard Transit Time (STT) if CONUS truck shipment and no required delivery date (RDD) identified).

3. Required Delivery Date (RDD) or Delivery Date (DD) if specified.

4. Carrier.

5. Bill of Lading (BL) Number (See Notes 1, 2, 3, 4).

6. MTX-GS Service Number (See Notes 1, 2, 3).

7. Air Release Number (See Notes 1, 2, 3) or for Surface Shipments, Export Traffic Release (ETR) Number, Vessel Name, and Voyage Document Number.

Check the source to verify that this is the current version before use.

8. Shipment (Cargo) Name (Example: Bombs).

9. Container and Seal Number (If Applicable):
   a. Container Transportation Control Number (TCN).
   b. Total weight of contents.
   c. Rounds, pieces, weight, cube, condition code, and lot numbers (See Note 4).

10. Security Risk Category (SRC), (e.g., Security Risk Category I, II, III, IV, U, Secret, Confidential, None).

11. Controlled Inventory Item Code (CIIC).

12. Total Net Explosive Weight (NEW).

13. Hazard Classification(s).

14. Department of Defense Identification Code/Navy Ammunition Logistic Code (DODIC/NALC). (See Note 4).

NOTES:

1. When the conveyance contains more than one shipment unit, repeat the data elements in separately lettered paragraphs for each shipment unit.

2. Cargo for more than one vessel or flight, but shipped to Point of Embarkation (POE) in a single conveyance, is included in a single REPSHIP. When cargo for a single vessel is moved to the Secondary Point of Embarkation (SPOE) in more than one conveyance, repeat all the data elements as above in separate numbered paragraphs for each conveyance or REPSHIP.

3. A separate REPSHIP is used for each mode of shipment to the POE.

4. Lot number, DODIC, and NALC are not mandatory fields. If available, they may be provided in the electronic REPSHIP or in the template above. If a Commercial Bill of Lading (CBL) is used, the lot number and ammunition condition code should be included in the remarks section. Weapons must be identified on the CBL by each serial number contained within the shipment.

5. DODIC and NALC are codes used specifically for logistic administration and control of ammunition.
