COMMERCIAL ITEM DESCRIPTION

TERBUTALINE SULFATE TABLETS, USP

The General Services Administration has authorized the use of this Commercial Item Description as a replacement for Military Specification MIL-T-37836 which is cancelled.

Salient characteristics.

Shall be Terbutaline Sulfate Tablets, USP.

Shall be in accordance with the requirements of the USP.

All ingredients entering into the manufacture of the item shall be of pharmaceutical grade.

For Type I, tablets shall be considered by the FDA to be therapeutically equivalent to Terbutaline Sulfate Tablets, USP, as manufactured by Geigy Laboratories at the same dosage and administration schedule.

For Type II, tablets shall be considered by the FDA to be therapeutically equivalent to Terbutaline Sulfate Tablets, USP, as manufactured by Merrell Dow Pharmaceuticals, Inc. at the same dosage and administration schedule.

For Strength 1, shall contain 2.5 mg of Terbutaline Sulfate per tablet within the applicable assay limits for the tablets.

For Strength 2, shall contain 5.0 mg of Terbutaline Sulfate per tablet within the applicable assay limits for the tablets.

AMSC N/A FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Each tablet shall be marked/embossed with a product identification code to identify the active ingredient(s), strength, and manufacturer. The materials used in marking/embossing the dosage forms shall be acceptable to the FDA. The actual code used for the product shall be left to the discretion of the supplier.

Workmanship. The tablets shall be free from defects which detract from their appearance or impair their serviceability.

Unit.

For Size 1 - Bottle (BT). One bottle containing 100 tablets, as specified, constitutes one unit.

For Size 2 - Bottle (BT). One bottle containing 1000 tablets, as specified, constitutes one unit.

For Size 3 - Package (PG). Shall be supplied 90 tablets in a commercially available bottle. Bottle shall have a minimum height of 51 mm base to shoulder and shall be supplied with a child resistant safety closure. One package containing 12 bottles (1080 tablets), as specified, constitutes one unit.

For Size 4 - Package (PG). One package containing 100 tablets individually sealed in a blister or strip packaging of 10 tablets for unit dose utilization, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug, and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered material. The offeror/contractor is encouraged to use recovered material in accordance with Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to the degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

Ordering data. Expiration dating required, intermediate/exterior package quantities and labeling and marking must be specified in the contract and/or order.
