NOTE.

1. Material. Heat-resistant silicone rubber, class 2A, grade 60. Per A-A-59588.
2. Minimum marking. MS part number and manufacturer's name, abbreviation or trademark per MIL-STD-130.
3. Dimensions in inches. Unless otherwise specified, tolerances ± 0.031.
4. MS26577 for use with MS24526 base.
5. Interchangeability relationship. MS26577-1 parts supersede AN2510-1 parts and are universally, functionally and dimensionally interchangeable.

Amendment notations. The margins of this specification are marked with vertical lines to indicate modifications generated by this amendment. This was done as a convenience only and the Government assumes no liability whatsoever for any inaccuracies in these notations. Bidders and contractors are cautioned to evaluate the requirements of this document based on the entire content irrespective of the marginal notations.

Order of precedence. Unless otherwise noted herein or in the contract, in the event of a conflict between the text of this document and the references cited herein, the text of this document takes precedence. Nothing in this document, however, supersedes applicable laws and regulations unless a specific exemption has been obtained.

Referenced documents. in addition to MIL-DTL-8954, this document references the following.
