DATA ITEM DESCRIPTION

Title: REQUEST FOR ASSIGNMENT OF SERIAL NUMBER PREFIX LETTERS

Number: DI-SESS-81654
AMSC Number: N7556
DTIC Applicable: No
Office of Primary Responsibility: N/AIR-4.9.1
Applicable Forms: N/A

Approval Date: 05092005
Limitation: N/A
GIDEP Applicable: No

Use/relationship: The purpose of this request is to obtain serial numbers for each item (System, Subsystem, Center, Central, Set, Group, or Unit) of nomenclatured equipment to which an identification plate is to be applied.

a. This DID contains the format and content preparation instructions applicable when requesting Serial Number Prefix Letters assignments required by 3.5.10.1 of MIL-DTL-18307(AS).

b. This DID is applicable to the acquisition of electronic aeronautical and support equipment. When applied in contracts, this DID will be tailored to the specific information required in Block 16 of the DD Form 1423, Contract Data Requirements List (CDRL).

c. This DID supersedes DI-CMAN-80195.

Requirements:

1. Reference documents. The applicable issue of the document cited herein, including their approval dates, and date of any applicable amendments, notices, and revisions, shall be cited in the solicitation or contract.

2. Format. The Request for Assignment of Serial Number Prefix Letters shall be a formal letter in contractor format.

3. Content. Request for assignment of Serial Number Prefix Letters for electronic aeronautical and support equipment shall be in accordance with 3.5.10.1 of MIL-DTL-18307(AS) or as specified in the contract.

4. END OF DI-SESS-81654.
