MILITARY SPECIFICATION SHEET

TOPOGRAPHIC SUPPORT SYSTEM (TSS):

COLLECTION SECTION, TOPOGRAPHIC

SUPPORT SET, SEMITRAILER MOUNTED

This specification sheet is approved for use by the Mobility Equipment Research and Development Command, Department of the Army, and is available for use by all Departments and Agencies of the Department of Defense.

The complete requirements for procuring the collection section described herein shall consist of this document and the latest issue of MIL-T-52964(ME).

1. REQUIREMENTS

1.1 Description. The collection section shall be as shown in Figure 1 and shall be equipped with the components listed in SC 6675-97-CL-E50.

1.2 Components. Components of the collection section shall be manufactured and operated in conformance with the component's technical specifications and literature.

2. TESTS

2.1 Component test. The component test procedures shall be written and conducted by the contractor to determine the component's conformance to its' technical specifications and literature. The test shall be conducted in a van environment. The component test shall be conducted twice; once prior to any Section 4 testing and once after completing all testing as specified in Section 4 of the general specification.

2.1.1 Test items. The following components of the collection section shall be tested:

Facsimile Transceiver
Pin Register Board

Nonconformance to 1.2 shall constitute failure of this test.

3. NOTES

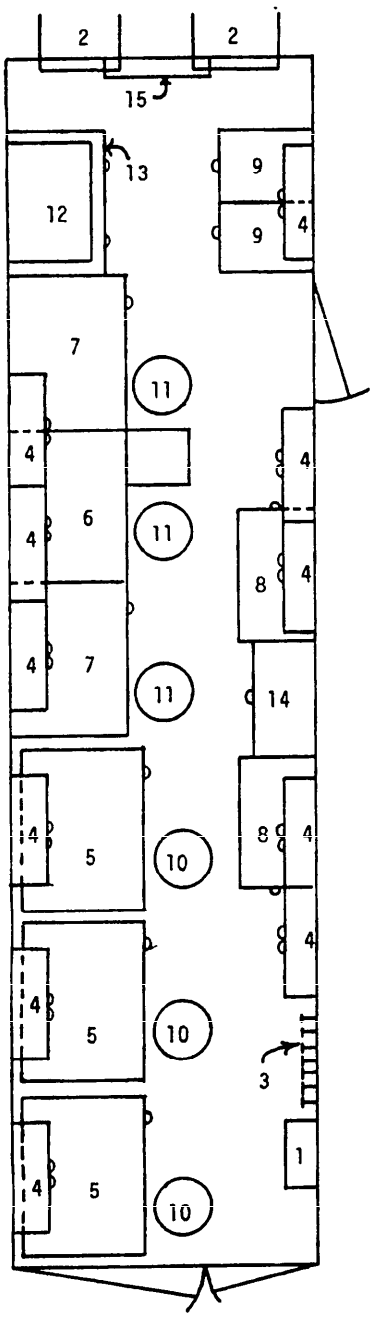

3.1 Intended use. The collection section (with assigned personnel) will accomplish the collection of basic military geographic information, such as vegetation, soils, hydrology, surface configuration, rock types, precipitation, temperature, lines of communications, and structures, from all possible sources, including on-site measurements, profile traverses, and area-wide sampling. They will catalog all information received and pass it on to the analysis section for will process and monitor requests for data collection that must be sent to units outside of the TSS. The collection section will collect military geographic information for other sections of the TSS.

STANDARDIZATION DOCUMENT IMPROVEMENT PROPOSAL

OMB Approval
No. 22-R255

INSTRUCTIONS: The purpose of this form is to solicit beneficial comments which will help achieve procurement of suitable products at reasonable cost and minimum delay, or will otherwise enhance use of the document. DoD contractors, government activities, or manufacturers/vendors who are prospective suppliers of the product are invited to submit comments to the government. Fold on lines on reverse side, staple in corner, and send to preparing activity. Comments submitted on this form do not constitute or imply authorization to waive any portion of the referenced document(s) or to amend contractual requirements. Attach any pertinent data which may be of use in improving this document. If there are additional papers, attach to form and place both in an envelope addressed to preparing activity.

DOCUMENT IDENTIFIER AND TITLE MIL-T-52964/10(ME) Topographic Support System (TSS); Collection Section, Topographic Support Set, Semitrailer Mounted

NAME OF ORGANIZATION AND ADDRESS
