COMMERCIAL ITEM DESCRIPTION

TRAY, PAINT ROLLER

The General Services Administration has authorized this use of this commercial item description, for all federal agencies.

1. Scope. This commercial item description covers two types and two sizes of heavy duty paint roller trays.

1.1 Types.

Type 1 - Metal
Type 2 - Plastic

1.2 Sizes

11 - Suitable for 23 cm (9-inch) paint rollers.
20 - Suitable for 46 cm (18-inch) paint rollers

2. Salient characteristics.

2.1 Type 1 (metal) paint roller trays shall be made from corrosion resistant metal or metal made corrosion resistant by electro-plating. The finished metal shall be smooth and free of burrs, sharp edges, and loose or lifted plating.

2.2 Type 2 (plastic) paint roller trays shall be made from polypropylene or equitable plastic. The finished tray shall have all sprues and runners removed.

2.3 Type 1 and type 2, size 11, trays shall have a leg design suitable for use of ladders or planks. When filled to working capacity and hooked on a ladder or plank, the tray shall not distort or buckle so as to allow the paint to spill.

2.4 Size 11 trays shall have a minimum width of 28 cm (11 inches) and shall have a capacity of not less than 3.78 L (one gallon) and a working capacity of not less than 0.9 L (one quart.)

2.5 Size 20 trays shall have a minimum width of 51 cm (20 inches) and shall have a capacity of not less than 7.56 L (two gallons) and a working capacity of not less than 2.7 L (3 quarts.)

2.6 Type 1 and Type 2 trays shall be tapered in depth, and shall be of ribbed, studded, or dimpled (inside) bottom design suitable for loading and removing excess paint from the paint roller.

3. Regulatory requirements. The offeror/contractor is encouraged to use recovered materials in accordance with Public Law 94-580 to the maximum extent practicable.

Beneficial comments, recommendations, additions, deletions, clarification, etc., and any data which may improve this document, should be sent to: GSA, Paints and Chemicals Commodity Center, 400 15th Street, S.W., Auburn, WA 98001.

DISTRIBUTION STATEMENT: Approved for public release.
Distribution is unlimited.

Check the source to verify that this is the current version before use.

4. Preservation, packaging, packing, labeling, and marking. Preservation, packaging, packing, labeling and marking shall be as specified in the contract or order.

5. Certification. The contractor shall certify that the product offered meets the salient characteristics of this description, and that the product conforms to the producer's own drawings, specifications, standards, and quality assurance practices and is the same product offered for sale in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.
