COMMERCIAL ITEM DESCRIPTION

MASHER, POTATO, HAND

The General Services Administration has authorized the use of this commercial item description in lieu of Federal Specification RR-W-456.

This commercial item description covers a hand potato masher for institutional and domestic use.

Salient characteristics:

Mashers shall have the following dimensions:

Overall length -- 18 inches nominal
Base ---------- 3-1/8 x 4-1/4 inches, minimum
Wire diameter---- 3/16 inch diameter, minimum

The wire is to be formed in a serpentine shape and the ends of the wire bent at right angles to the base and brought together and inserted into a handle.

The mashers must comply with applicable National Sanitation Foundation standards.

Workmanship. Mashers shall be free and clean of embedded foreign matter, sharp edges, burrs, slivers, die marks, deformities, fractures, scale and pits. There shall be no defects which may affect serviceability, durability or appearance.

Certification. The contractor shall certify that the product offered meets the salient characteristics of this description and that the product conforms to the producer's own drawings, specifications, standards, and quality assurance practices and is the same product offered for sale in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Recovered materials. The manufacturer shall utilize recovered materials to the maximum extent practicable.

Packaging, packing, and marking. The packaging and packing shall be in accordance with normal commercial practice and shall assure acceptance by common carrier and provide product protection against loss and damage during multiple shipments, handling, and storage. The shipping container shall be in compliance with the National Motor Freight Classification and Uniform Freight Classification. Marking shall be as specified in the contract or order.

Referenced publication may be obtained from National Sanitation Foundation, (NSF), P.O. Box 1468, Ann Arbor, MI 48105.
