INTERIM COMMERCIAL ITEM DESCRIPTION

URINE CHEMISTRY CONTROL REFERENCE, LYOPHILIZED

The General Services Administration has authorized the use of this Interim Commercial Item Description which was developed by the Defense Personnel Support Center, Directorate of Medical Materiel, DPSC-ATT, 2800 South 20th Street, Philadelphia, PA 19101, based upon currently available technical information.

This Interim Commercial Item Description covers Lyophilized Urine Chemistry Control Reference for in vitro diagnostic use.

Salient Characteristics:

Shall be a lyophilized normal urine chemistry control assayed for the following constituents:

Inorganic Constituents:

Calcium, Chloride, Phosphorous, Potassium and Sodium.

Endocrine Constituents

Free catecholamines, Chorionic gonadotropin, Estriol, Total estrogens, 17-Hydroxy-corticosteroids, 5-Hydroxy-Indole Acetic Acid, 17-Ketogenic steroids, 17-Ketosteroids, Metanephrines, Pregnanediol, Pregnanetriol, Vanillymandelic Acid (VMA).

Miscellaneous Constituents

Specific Gravity, pH, Osmolality, Amino-Levulinic Acid (ALA), Creatinine, Protein, Urea Nitrogen, Uric Acid.

Not less than 90 percent of the constituents shall be within the normal range values.

FSC 6550

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Check the source to verify that this is the currentversion before use.

Each vial shall contain an amount of lyophilized normal urine equivalent to 25 ml when reconstituted as directed in the accompanying instructions.

Not less than 32 months of the expiration dating period shall remain at time of delivery to the Government.

Workmanship. Product shall be free from defects which detract from their appearance or impair their serviceability.

Unit. Package (PG). One package containing 10 vials as specified, constitutes one unit.

A circular, brochure, or other printed matter shall be packaged within each unit package setting forth the constituent and corresponding assay value found for the lot of material supplied. As a minimum, each of the methodologies and constituents listed shall appear on the circular.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

NOTE: The following National Stock Number is covered by this document:

NSN	ITEM IDENTIFICATION
6550-01-173-2048	URINE CHEMISTRY CONTROL REFERENCE, Lyophilized, 10s

Ordering data. (Intermediate/exterior quantities, labeling, and marking must be as specified in the contract and/or order).

MILITARY INTERESTS:

Custodians:

Army - MD
Navy - MS
Air Force - 03

Preparing Activity:

DoD-MB

Agent:

DLA-DM
