INTERIM COMMERCIAL ITEM DESCRIPTION

THEOPHYLLINE CAPSULES, MODIFIED

The General Services Administration has authorized the use of this Interim Commercial Item Description which was developed by the Defense Personnel Support Center, Directorate of Medical Materiel, DPSC-ATT, 2800 South 20th Street, Philadelphia, PA 19101, based upon currently available technical information.

This Interim Commercial Item Description covers Theophylline Capsules, Modified, Sustained-Released, Dye Free for Spasmolytic Use.

Salient Characteristics:

Shall be sustained-release, dye free Theophylline Capsules.

For Strength 1, shall contain 50 mg of anhydrous theophylline per capsule, within the applicable assay limits.

For Strength 2, shall contain 75 mg of anhydrous theophylline per capsule, within the applicable assay limits.

For Strength 3, shall contain 200 mg of anhydrous theophylline per capsule, within the applicable assay limits.

For Strength 4, shall contain 125 mg of anhydrous theophylline per capsule, within the applicable assay limits.

The sustained-release capsules must be considered by the FDA to be therapeutically equivalent with Theophylline Capsules by Key Pharmaceuticals at the same dosage and administration schedule.

Not less than 20 months of the expiration dating period shall remain at time of delivery to the Government.

FSC 6505

Workmanship. Capsules shall be free from defects which detract from their appearance or impair their serviceability.

Unit. Bottle (BT). One bottle containing 100 capsules, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.
