INTERIM COMMERCIAL ITEM DESCRIPTION

POTASSIUM CHLORIDE EXTENDED-RELEASE TABLETS, USP

The General Services Administration has authorized the use of this Interim Commercial Item Description which was developed by the Defense Personnel Support Center, Directorate of Medical Materiel, DPSC-ATT, 2800 South 20th Street, Philadelphia, PA 19101, based upon currently available technical information.

This Interim Commercial Item Description covers Potassium Chloride Extended-Release Tablets, USP, for use as a potassium supplement.

Salient characteristics:

Shall be Potassium Chloride Extended-Release tablets, USP.

Shall be in accordance with the requirements of the USP.

Shall be extended-released tablets containing 600 mg of Potassium Chloride, equivalent to 8 mEq of potassium per tablet within the applicable assay limits.

The tablets must be considered by the FDA to be therapeutically equivalent with Potassium Chloride Tablets Controlled Release by Ciba-Geigy at the same dosage and administration schedule.

Not less than 32 months of the expiration dating period shall remain at time of delivery to the Government.

Workmanship. Tablets shall be free from defects which detract from their appearance or impair their serviceability.

Unit.

For Size 1, Bottle (BT). One bottle containing 100 tablets, as specified, constitutes one unit.

FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Check the source to verify that this is the current version before use.

For Size 2, Bottle (BT). One bottle containing 1000 tablets, as specified, constitutes one unit.

For Size 3, Box (BX). One box containing 100 tablets, individually sealed in a commercially available blister or strip packaging as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.
