March 21, 1974

FEDERAL SPECIFICATION

CLOTH, DUCK, COTTON; FIRE, WATER, WEATHER,

AND MILDEW RESISTANT

This amendment, which forms a part of Federal Specification CCC-C-428E, dated November 5, 1971 was approved by the Commissioner, Federal Supply Service, General Services Administration for the use of all Federal agencies.

PAGES 2 and 3

3.2 Delete and substitute the following:

"3.2 Laboratory report approval. Unless otherwise specified, the prospective supplier shall submit to the contracting officer for approval at the time of submission of bid, a certified copy of a recent laboratory report covering the finished cloth which he proposes to deliver (see 6.2). Unless otherwise specified by the contracting officer, the bidder shall certify that the laboratory report submitted covers cloth which was finished in a mill where the finishing will be performed if the contract is awarded. The laboratory report shall contain test data which demonstrates that the finished cloth which the supplier proposes to deliver has been tested and found to comply with all requirements of this specification. Any of the following types of reports will be satisfactory from the standpoint of this requirement.

(a) An independent or commercial laboratory report.

(b) The prospective bidder's own laboratory report.

(c) A Government laboratory report from a contract within 6 months of date of submission of bid.

The purpose of the above requirements is to assist the Government to determine the capability of bidders to manufacture a cloth meeting all the requirements of the specification."

3.3, line 4. Insert "amounts," after the word "stipulating".
