***** 4.1.1, delete and substitute:

"**4.1.1 Source inspection.** Materials procured by the Government under this specification shall be third party approved prior to shipment, to assure that the material meets the quality conformance tests (4.4.3). The third party approval shall be by a third party accreditation process in accordance with AS 7001, AS 7002, AS 7003, and AS 7100/1. Sealant manufactured to this specification shall be from a manufacturer that currently holds a third party accreditation and shall be from a batch of material that has been third party sourced inspected in accordance with AS 7200/1. Distributors supplying sealant to this specification shall supply material from an accredited manufacturer and from a batch of material that has been third party source inspected. Distributors shall also be third party accredited in accordance the AS 7201 or AS 7202, whichever is applicable. Note that 4.4.2 requires that the sample for quality conformance tests be packaged and mixed as much as practical in the same containers that are being procured."

PAGE 11

4.4, delete and substitute:

"**4.4 Quality conformance inspection.**"

PAGE 13

4.6.1.1, add:

"**4.6.1 Special cleaning of stainless steel and titanium peel strength panels.** Two stainless steel panels and four titanium panels that are used for peel strength testing shall receive special cleaning. These are the panels that are immersed in jet reference fluid/salt water for 7 days for the stainless steel and for 7 to 70 days for the titanium (See Table VI). The special cleaning shall be scrubbing with abrasive mats and MIL–C–38736 solvent. After scrubbing, the panels shall be rinsed using MIL–C–38736 solvent and clean gauze. The panels shall be wiped dry. The abrasive mats shall conform to MIL–A–9962, Type I, Class 1, Grade A for the stainless steel and MIL–A–9962, Type III, Class 1, Grade A for the titanium. After final cleaning, PR–148 adhesion promoter shall be applied."

"NOTE: The margins of this amendment are marked with asterisks to indicate where changes (additions, modifications, corrections, deletions) from the previous issue were made. This was done as a convenience only and the Government assumes no liability whatsoever for any inaccuracies in these notations. Bidders and contractors are cautioned to evaluate the requirements of this document based on the entire content irrespective of the marginal notations and relationship to the last previous issue."
