DATA ITEM DESCRIPTION

Form Approved
OMB No. 0704-0188

Public reporting burden for this collection of information is estimated to average 110 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Washington Headquarters Services, Directorate for Information Operations and Reports, 1215 Jefferson Davis Highway, Suite 1204, Arlington, VA 22202-4302, and to the Office of Management and Budget, Paperwork Reduction Project (0704-0188), Washington, DC 20503.

1. TITLE	2. IDENTIFICATION NUMBER
TELECOMMUNICATIONS SERVICE REQUEST (TSR)	DI-MISC-80416A

3. DESCRIPTION / PURPOSE

3.1 To identify commercial communications service required, to include changes to service or deletion of service
3.2 Used to request service for a communications circuit.

4. APPROVAL DATE (YYMMDD)	5. OFFICE OF PRIMARY RESPONSIBILITY (OPR)	6a. DTIC APPLICABLE	6b. GIDEP APPLICABLE
901219	F/AFSPACECOM-LKPC		

7. APPLICATION / INTERRELATIONSHIP

7.1 This Data Item Description (DID) contains the format and content preparation instructions for the data product generated by the specific and discrete task requirement as delineated in the contract.
7.2 This data item is applicable to O&M contracts wherein a contractor is responsible for management of commercial communications service.
7.3 Reference publications indicated below may be obtained as indicated in applicable statement of work.
7.4 This DID supersedes DI-MISC 80416.

8. APPROVAL LIMITATION	9a. APPLICABLE FORMS	9b. AMSC NUMBER
	DD Form 173/2	F6007

10. PREPARATION INSTRUCTIONS

10.1 Reference Document. The applicable issue of the document cited herein including it's approval date and dates of any applicable amendments, notices, and revisions shall be as specified in the contract.

10.2 Format and Content. This report shall be in message format (DD form 173/2, Joint Message Form) and contain identification of commercial communications requirements or changes and deletions to existing service.

10.2.1 From: Originator

10.2.2 To: Higher Headquarters Commercial Communications Division (As indicated on DD Form 1423)

10.2.3 Info: All Offices/Locations involved in the requirement.

10.2.4 Classification Line.

10.2.5 The request shall include the following items:

(Continued on Page 2)

11. DISTRIBUTION STATEMENT

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Source: https://assist.dla.mil -- Downloaded: 2026-10-26T10:37Z
Check the source to verify that this is the current version before use.

10. Block 10, Preparation Instructions (Continued)

Item 102 Restoration Priority.

Item 103 Type Action (Start, change, discontinue, etc...)

Item 104 Leased equipment or services contract request (be specific).

Item 105 Circuit Requirements Automatic Voice Network (Autovon), Digital Data Network (DDN), Automatic Digital Network (Autodin), etc...)

Item 106A Optional Service Date (User's requested service date).

Item 106B Requested Leased/Government Furnished Equipment (GFE) Service Date (Date of requested leased or GFE service even if same as 106A.)

Item 107 Command Communications Service Designator (CCSD)/Trunk ID (Change or cancel TSRs only)

Item 108 Purpose and Use Code (From Defense Communications Agency Circular (DCAC) 310-65-1) (Start TSRs)

Item 109 Defense Communication System (DCS) Technical ScheduleItem Number (From DCAC 310-65-1) (Start TSRs)

Item 110 Type Operation (Half duplex, full duplex, etc...) (Start TSRs)

Item 111 Modulation Rate (1.2KB, 19.2KB, 1.544MBS, etc...) (Start TSRs)

Item 112 Service Availability (Full period, 6/12 hours, on call, temporary, etc...) (Start TSRs)

Item 113 Call-up Authority (Used when circuit is on call or contingency service) (Start TSRs)

Item 114 Temporary Service Disconnect Date

Item 115 Signaling Mode (No signaling for data or type of signal for voice, e.g. 1 way dial, etc..)

Item 116 Communications Service Authorization (CSA) Number (Also used for all commercial carrier circuit identifiers)

Item 117 Program Designator Code. (Shows who pays for circuit)

Item 118 Overtime Authorized (Also state maximum allowed) (Start and change TSRs)

Item 119 Diverse/Avoidance. (Used to avoid a certain area of routing.) (See DCAC 310-65-1 for further guidance)

Item 120a Terminal/End User Location

Source: https://assist.dla.mil -- Downloaded: 2026-10-26T10:37Z
Check the source to verify that this is the current version before use.

10. Preparation Instructions (continued):

Item 121a State/Country Code

Item 122a Area Code (Geographic Area)

Item 123a Facility Code (Type End Facility)

Item 124a Building Information (Bldg number or identification name)

Item 125a Room Number (For terminating equipment)

Item 126a Terminal Equipment (Type and name)

Item 127a Type of Cryptographic Equipment (If any)

Item 128a Interface (State exact type of interface requirements for the terminal equipment, cryptographic, etc... e.g. RS-232C, CCITT V.35, including any VF signaling stated in item 115.)

Item 129a Termination (2W, 4W, 4W E&M, 8W, etc...)

Item 130a Contact (Name, Organization, Office Symbol, Address, Autovon and Commercial Phone Numbers)

Item 131a Mailing address (For service/user location)

Item 151 Military Satellite Office (MSO) User Requirements Data Base (URDB) Number (For Defense Communications System (DSCS) requests) (Start and change TSRs)

Item 152 DDN Waiver Number (If data service is other than DDN) (Start and change TSRs)

Item 352 URDB Number (System registration number for DDN) (Start and change TSRs)

Item 401 Purpose (One or two line statement of why this report is being submitted).

Item 402 Telecommunications Certification Office (TCO) Contact (Name, autovon and commercial phone numbers of TCO contact

Item 409 Accepting Agency (Office/facility designated to accept service on behalf of the U.S. Government)

Item 416 Cost Ceiling (Max Cost) or Monthly Recurring Cost.

Item 417 Remarks (Use this area to explain anything that is not covered above or for an item which needs further explanation.)

Check the source to verify that this is the current version before use.

10. Preparation Instructions (continued):

Item 427 Yes or No (Option to purchase leased equipment. If no, must justify in item 417) (Start and change TSRs)

Item 430 Estimated Service Life (Start and change TSRs when circuit/equipment is leased)

Item 431 Class of Service (D=DCS; N=NON-DCS) (Start Change TSRs)

Item 437a Customer inside wire installation (CPIWI) and maintenance (CPIWM). (CPIWI-YES or CPIWI-NO for Installation and CPIWM-YES or CPIWM-NO for Maintenance.)

Item 437b Wire Installation/Maintenance for distant ends (Same instructions as for Item 437a.)

Item 438a Associated Leased Equipment Defense Commercial Communications Office (DECCO) leased equipment status as it relates to the circuit action being requested.

Item 438b Associated Leased Equipment at the distant ends.

Item 439 Associated Billing Communications Support Agreements (CSA) Numbers (List all CSA numbers that apply to this circuit).

Item 440a Yes or No (By being switched, will service leak into commercial systems, resulting in a private line access charge.)

Item 440b Yes or No (Will service leak into commercial systems at distant end?)

NOTE: For Items 437, 438 and 440, Continue for each distant end as in Items 120-131.

Further Information can be found in DCAC 310-65-1 and DCAC 310-130-1.
