DATA ITEM DESCRIPTION

Form Approved
OMB No. 0704-0188

2. TITLE	1. IDENTIFICATION NUMBER
Ammunition Demilitarization and Disposal Plan	DI-SAFT-80403

3. DESCRIPTION/PURPOSE

3.1 To acquire from contractor(s) a demilitarization and disposal plan for all new or modified ammunition items.
3.2 This plan assures federal environmental and safety requirements are met.
3.3 This plan will ensure safe demilitarization and disposal data, for explosive items, which meet Environmental Protection Agency requirements.

4. APPROVAL DATE (YYMMDD)	5. OFFICE OF PRIMARY RESPONSIBILITY (OPR)	6a. DTIC REQUIRED	6b. GIDEP REQUIRED
870805	F/OO-ALC-MMWE		

7. APPLICATION/INTERRELATIONSHIP

7.1 This Data Item Description contains the format and content preparation instructions for the data product generated by the specific and discrete task requirement as delineated in the contract.
7.2 This Data Item Description should be applied by Army Materiel Command/Naval Sea Systems Command/Air Force Logistics Command/Air Force Systems Command, weapons laboratories, and project and program managers having responsibilities relative to the design of new or modified ammunition items.

8. APPROVAL LIMITATION	9a. APPLICABLE FORMS	9b. AMSC NUMBER
		F4170

10. PREPARATION INSTRUCTIONS

10.1 Specific instructions. The demilitarization and disposal plan shall provide the following data in the format shown:

10.1.1 Purpose. This section shall state that the purpose of the plan is to identify safe and environmentally acceptable demilitarization and disposal requirements for . . . .

10.1.2 Item description. This section shall describe the configuration of the item with attached illustration(s). List the composition, weight, and quantity for each component, as well as the aggregate weight of all materials in the item. List all classified items and components and provide minimum declassification requirements for each. List all precious metals and materials and identify quantity of each.

10.1.3 Safety summary. This section shall summarize safety hazards that are unique to the item and precautions and procedures that must be employed during the demilitarization and disposal operation. List all hazardous materials in the item, e.g., tritonal, tetryl, carcinogenics, heavy metals, etc., and quantity of each.

10.1.4 Environmental significance. This section shall include an analysis describing the environmental significance of each demilitarization and disposal alternative.

10.1.5 Demilitarization and disposal alternatives. This section shall list alternative methods of demilitarization and disposal of the item(s) addressed by the plan identifying the preferred method.

Block 7, Application/Interrelationship (Continued)

7.3 This Data Item Description is interrelated with Data Item Description DI-H-1328A, DI-SAFT-80101, and DI-SAFT-80102.

Block 10, Preparation Instructions (Continued)

10.1.5 (NOTE: The Government shall provide information on available technology and equipment capability to the contractor. The contractor shall utilize this data in developing the demilitarization and disposal plan.)

10.1.6 Demilitarization and disposal procedures. This section shall describe each alternative method in detail including step-by-step procedures, safety precautions, disassembly diagrams, declassification procedures, and component and piece part tables.

10.1.7 Demilitarization and disposal special tools and equipment. This section shall describe special tools and equipment required to accomplish the procedures described.

10.1.8 Reference documents. This section shall list and identify directives and technical data specifically applicable to the plan.
