COMMERCIAL ITEM DESCRIPTION

REFILL, APPOINTMENT BOOK

The General Services Administration has authorized the use of this Commercial Item Description, for all Federal agencies.

Scope. This Commercial Item Description covers a refill designed for use with loose-leaf binders with six (6) rings, 2.54 cm (1 inch) capacity, NSN 7510-00-285-1765.

1. Salient Characteristic:

A. Material: The paper used in the manufacture of the refill, appointment book shall shall conform to the requirements of JCP D10, basis weight of 60 g/m^2 (16 lbs. (17 x 22-500)). The color of the paper shall be white. The dimensions of each page shall be 139.70 mm (5 1/2 inches) wide and 165.10 mm (6 1/2 inches) on the binding side. The tolerance for each dimension shall be +/- 3.18 mm (+/- 1/8 inch).

B. Punching: Punching shall be in two (2) groups (three holes in each group), 50 mm (2 inch) center-to-center spacing between groups and 19 mm (3/4 inch) center-to-center spacing between holes within each group. Holes shall be not less than 4.97mm (5/32 inch) nor more than 6.35mm (1/4 inch) diameter. All holes shall be 9.52 mm (3/8 inch) from the binding edge when measured from the center of the hole to the binding edge with a tolerance of +/- 3.16 mm (+/- 1/8 inch).

Beneficial comments, recommendations, additions, deletions, clarifications, etc. and any data which may improve this document should be sent to General Services Administration, Federal Supply Service, Engineering Branch, 26 Federal Plaza, New York, N.Y. 10278.

Distribution Statement A:
Approved for public release
Distribution is unlimited

FSC 7530

Check the source to verify that this is the current version before use.

C. Printing: The printing shall be either all dark blue or all black. There shall be a page for each day of the year; each page shall include the following:

- Date heading, including day of the week, date of the month, month, and year.
- Calendar for 3 months: previous, current, following
- Number of expired and unexpired days of the year
- Appointment schedule of 30 minute periods from at least 7:00 a.m. to 6:00 p.m.
- Space for notes

Each Sunday page shall be a left-hand page. The reverse of the Sunday page shall be blank, except for the heading "NOTES".

There shall be a complete calendar for the previous, current, and following year. There shall also be a double page spread for each month of the year, with space for notes for each day of the month. These two sets shall be at the front of the appointment book.

The following holidays shall be clearly indicated on the applicable page:

New Year's Day	January 1
Birthday of Martin Luther King, Jr.	3rd Monday in January
Washington's Birthday	3rd Monday in February
Memorial Day	Last Monday in May
Independence Day	July 4
Labor Day	1st Monday in September
Columbus Day	2nd Monday in October
Veterans Day	November 11
Thanksgiving Day	4th Thursday in November
Christmas Day	December 25

The last "NOTES" page in each month shall also be headed with the following:

Ordering Information - The NSN for this item next year will be 7530-01-___-____ (add new NSN).

2. Bleaching: To obtain an acceptable brightness, a chemical bleaching process may be used. When specified, (See Section 8), the bleaching process shall not include the use of chlorine, chlorine dioxide, or hypochlorite. Certification of compliance shall be made available upon request by the Government.

3. Workmanship. The paper shall be free from holes (excluding required holes), tears, cuts, folds, scuff marks, lint, and shall not be crushed or warped. The printing shall be sharp characters and free from defects such as, smudges, bleeding, chalking, doubling and fading. There shall be no defects that affect appearance or serviceability of the printed refill paper.

4. Quality Assurance. Unless othewise specified in the contract or purchase order, the contractor is responsible for the performance of all inspections and tests. The Government reserves the right to perform any, or all, of these inspections and tests it deems necessary to assure conformance of the product and adequacy of the contractor's inspections and tests. Each lot of refill, appointment book shall be inspected for conformance to the requirements specified herein. For inspection purposes a lot shall consist of all refill apponintment books offered for inspection at the same time. Unless stated otherwise, sampling shall be in accordance with MIL-STD-105, as described below.

4.1 Sampling for examination and tests shall be performed in accordance with MIL-STD-105, using the plans as specified in Table 1, unless otherwise stated. The sample unit shall be one refill appointment book.

Table 1

Examine	Inspection Levels	AQLs (% defect)
Visual Defects	S-4	4.0
Workmanship Defects	S-4	4.0
Dimensional Defects	S-4	4.0
Paper Characteristics	JCP D10	N/A

4.2 Packaging, Packing and Marking. Sampling shall be in accordance with MIL-STD-105 with an Inspection Level S-2 and an AQL of 4.0 percent defective. The sample unit shall be one fully prepared shipping container.

5. Preparation for delivery.

5.1 Packaging: Each refill shall be shrink wrapped. The completed packaging shall be designed to protect the refill against damage during shipment, handling and storage.
