MIL-C-50705(MU)
AMENDMENT 2
15 December 1971
SUPERSEDING
AMENDMENT 1
24 August 1971

MILITARY SPECIFICATION

CHEST: 10548700

This amendment forms a part of Military Specification MIL-C-50705(MU), dated 11 January 1971.

Paragraph 2.1, under STANDARDS, dete: "MIL-STD-810 ENVIRONMENTAL TEST METHODS".

At the end of paragraph 3.4.2, add the following: "An M18 Plotting Board or its equivalent in envelope configuration and weight shall be appropriately installed within the chest prior to meeting the requirements of 3.4.4, 3.4.5 and 3.5."

* Paragraph 3.4.4, Delete and substitute the following: "Impact Resistance.- The chest shall meet the requirements of 3.4.5 and 3.5 subsequent to being dropped on each of 4 corners and 6 faces from a height of 12. ± 2. inches onto a concrete surface of at least 2. inches thick. The corner drops shall be performed on one corner of the body then on the corner of the cover diagonally opposite. This shall be repeated on the adjacent corners of the chest, 90° from the previous impacts. The chest assembly shall not become unlatched as a result of the impacts nor shall there be evidence of damage, such as openings along any joint, delamination, splitting or cracking of chest materials or components. Marring or peeling of paint finishes or identations on body or cover as a result of the impacts is acceptable."

Delete paragraph 3.4.5 and substitute: "3.4.5 Watertightness.- The chest shall exhibit no evidence of water penetration after having been exposed to a simulated rainfall as specified in Procedure I of MIL-F-13926."

Delete paragraph 3.5.2 and substitute: "3.5.2 Handles.- All handles shall function without interference. The supported load shall cause no separation of the handle assembly or result in any other damage which would impair the normal functioning of the chest."

Change paragraph 3.5.3 Interface requirements, first sentence to read: "The chest shall interface, support and retain an M18 Plotting Board or its equivalent in envelope configuration and weight."

Paragraph 4.6.5: Delete "The chest and plotting board components" and substitute "An M18 Plotting Board or its equivalent" in two (2) places.
