* 4.2.3.2 Add the following to the end of paragraph 4.2.3.2:

"After three(3) consecutive lots have met this criteria, a sample of five(5) test assemblies shall be formed from ten(10) loaded assemblies out of each lot produced and shall be function tested. If one or more loaded assemblies fail to function, the sampling shall return to the original test plan and continue until three(3) consecutive lots have complied with the acceptance criteria specified."

The margins of this amendment are marked with an asterisk to indicate where changes (additions, modifications, corrections, deletions) from the previous amendment were made. This was done as a convenience only and the Government assumes no liability whatsoever for any inaccuracies in these notations. Bidders and contractors are cautioned to evaluate the requirements of this document based on the entire content irrespective of the marginal notations and relationship to the last previous issue.
