INTERIM COMMERCIAL ITEM DESCRIPTION

THROMBIN, USP

The General Services Administration has authorized the use of this Interim Commercial Item Description which was developed by the Defense Personnel Support Center, Directorate of Medical Materiel, DPSC-RST, 2800 South 20th Street, Philadelphia, PA 19101, based upon currently available technical information. This document may be used in preference to MIL-T-37613, dated 16 September 1977.

Salient characteristics:

Shall be Thrombin, USP.

Shall be in accordance with the requirements of the USP.

For Strength 1, each vial shall contain 5,000 units of dried Thrombin, within the applicable assay limits.

For Strength 2, each vial shall contain 20,000 units of dried Thrombin, within the applicable assay limits.

The diluent supplied shall contain a preservative acceptable to the Bureau of Biologics.

Materials used in the manufacture of the product shall be of a pharmaceutical grade.

Workmanship. The product shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Package (PG).

For Size 1, each package shall consist of one vial containing 5,000 units of dried Thrombin and one vial containing not less then 5 ml of sterile, isotonic saline diluent. One package, as specified, constitutes one unit.

For Size 2, each package shall consist of one vial containing 20,000 units of dried Thrombin, one vial containing 20 ml of sterile, isotonic, saline diluent, and one sterile pump sprayer cap in a sterile tray with a Tyvek lid or equivalent. One package, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580, as amended, and as implemented by Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

NOTE: The unrefrigerated shipping time for this item shall be not more than 6 days (144 hours).

NOTE: The following National Stock Numbers are covered by this document:

NSN	ITEM IDENTIFICATION	STRENGTH	SIZE
6505-00-161-2950	THROMBIN, USP, 5000 units	1	1
6505-01-214-4500	THROMBIN, USP, 20,000 units	2	2
