COMMERCIAL ITEM DESCRIPTION

BENZOCAINE ORAL TOPICAL SOLUTION

The General Services Administration has authorized the use of this Commercial Item Description.

Salient characteristics:

Shall be Benzocaine Oral Topical Solution.

All ingredients shall be of a pharmaceutical grade.

Shall be a solution containing 20 percent Benzocaine in a sugar free, water soluable polyethylene glycol base suitable for use in the oral mucosa.

Shall contain not less than 90.0 percent and not more than 100.0 percent of the required amount of Benzocaine, when tested by a suitable, accurate and reproducible method.

The solution shall meet the requirements for absence of Staphylococcus aureus and Pseudomonas aeruginosa under Microbial Limit Test (61) in the USP.

The solution shall have stability data acceptable to FDA to support a minimum of three year shelf life.

Workmanship. The solution shall be free from defects which detract from its appearance or impair its serviceability.

AMSC N/A FSC 6505

DISTRIBUTION STATEMENT A: Approved for public release; distribution is unlimited.

Unit. Bottle (BT). One bottle containing 1 fl oz (29.5 ml), as specified, constitutes one unit.

Contractor certification. The contractor shall certify and maintain substantiating evidence that the product offered meets the salient characteristics of this Commercial Item Description, and that the product conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug, and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug, and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered material. The offeror/contractor is encouraged to use recovered material in accordance with Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.
