MILITARY SPECIFICATION

ADAPTER, CONNECTOR, COAXIAL, RADIOFREQUENCY, BETWEEN SERIES, TYPE UG-1146/U

This specification has been approved by the Department of Defense and is mandatory for use by the Departments of the Army, the Navy, and the Air Force

1. SCOPE

1.1 This specification covers the detail requirements for type UG-1146/U, between series (series BNC to series QDS), radiofrequency, coaxial connector adapter

2. APPLICABLE DOCUMENTS

2.1 The following documents, of the issue in effect on date of invitation for bids, form a part of this specification to the extent specified herein

4.2 Gage tests for contacts (applicable only to series QDS termination) (see 3.2.1). The outer contact shall be subjected to the gage tests specified in 4 2 1 prior to assembly into the connector adapter

4.2.1 Spring-finger contact members shall make contact, within $\frac{1}{32}$ inch of their tip ends, with a ring having an inside diameter of 0 420 inch minimum All contact members shall then enter a ring having an inside diameter of 0 428 inch maximum when a pressure of not more than 1 pound is applied

5. PREPARATION FOR DELIVERY

5.1 Preparation for delivery shall be in accordance with Specification MIL–A–27434

6. NOTES

6.1 Notes. In addition to the notes specified herein, the notes specified in Specification MIL–A–27434 are applicable to this specification

6.2 This specification covers the design of type UG–1146/U connector adapter which was previously covered by Bureau of Ships Drawing REB49323

Notice. When Government drawings, specifications, or other data are used for any purpose other than in connection with a definitely related Government procurement operation, the United States Government thereby incurs no responsibility nor any obligation whatsoever, and the fact that the Government may have formulated, furnished, or in any way supplied the said drawings specifications, or other data is not to be regarded by implication or otherwise as in any manner licensing the holder or any other person or corporation, or conveying any rights or permission to manufacture, use or sell any patented invention that may in any way be related thereto
