MILITARY SPECIFICATION SHEET

BODY, VAN, VEHICLE-MOUNTED,

ISO SIZE 10

This specification sheet is approved for use by the USA Mobility Equipment Research and Development Command, Department of the Army, and is available for use by all Departments and Agencies of the Department of Defense.

The complete requirements for procuring the ISO Size 10 van body described herein shall consist of this document and the latest issue of Specification MIL-B-13207.

REQUIREMENTS:

1. The van body shall be an ISO/ANSI Series 1 reefer freight container, designated 1D, having a nominal length of 3000 mm (10 ft.).

2. The maximum gross weight of both basic van body and its operating equipment payload shall not exceed the ISO/ANSI maximum of 10 Tonnes (SI units) 22,400 lb).

3. Singly or in multiples, the basic van body shall mount on the vehicles selected, when adaptors are employed.

4. The van body shall be air transportable (see 3.9.1) in C-130, C-133, C-141, and C-5A aircraft. When necessary, the van body may be demounted from its vehicle component and air transported in two units.

5. Unless otherwise specified in the contract by the procuring activity, the van body shall not be equipped with any heating or air conditioning units, since its intended use is to house compressors, engine generator sets, and machinery necessary for plant operation without personnel.

STANDARDIZATION DOCUMENT IMPROVEMENT PROPOSAL

OMB Approval No. 22-R255

INSTRUCTIONS: The purpose of this form is to solicit beneficial comments which will help achieve procurement of suitable products at reasonable cost and minimum delay, or will otherwise enhance use of the document. DoD contractors, government activities, or manufacturers/ vendors who are prospective suppliers of the product are invited to submit comments to the government. Fold on lines on reverse side, staple in corner, and send to preparing activity. Comments submitted on this form do not constitute or imply authorization to waive any portion of the referenced document(s) or to amend contractual requirements. Attach any pertinent data which may be of use in improving this document. If there are additional papers, attach to form and place both in an envelope addressed to preparing activity.
