PAGE 14

6.5 Delete the following:

"Vinyl Chloride Copolymer. A material that has been found satisfactory for use in this explosive composition is FPC 461 made by Firestone Plastics Co. (formerly designated as Exon 461). FPC 461 is a copolymer of trifluorochloroethylyne and vinyl chloride. Use of VC Copolymer from another source should be evaluated by US Army Armament, Munitions and Chemical Command, DRDAR-QAR-R, before being approved as an equivalent." and substitute:

"Vinyl Chloride Copolymer. A material that has been found satisfactory for use in this explosive composition is Oxy-461 made by Occidental Chemical (formerly designated as Exon 461 and FPC 461). Oxy-461 is a copolymer of trifluorochloroethylyne and vinyl chloride. Use of VC Copolymer from another source should be evaluated by U.S. Army Armament, Munitions and Chemical Command, AMSMC-QAR-R, before being approved as an equivalent."
