COMMERCIAL ITEM DESCRIPTION

APRON, FOOD HANDLER'S

The General Services Administration has authorized the use of this commercial item description by all Federal agencies.

1. SCOPE. This commercial item description (CID) covers a clear plastic food handler's apron with ties.

2. SALIENT CHARACTERISTICS

2.1 Material. The apron shall be made from a clear plastic vinyl plastic 0.008 ±0.001 inches (0.20 ±0.03 mm) in thickness. The ties shall be cloth tape 1/2 inch (1.2 mm) wide minimum.

2.2 Construction. The apron shall be a bib-type apron similar in appearance to figure 1 and shall conform to the dimensions shown in figure 1. The apron shall have metal or plastic grommets inserted at both sides of the waistline and at the two points along the bib top. Metal grommets shall be corrosion resistant. The grommets shall be reinforced with an extra thickness of the apron material, formed by folding as shown on figure 1. The ties shall each be 30 inches long, minimum, one end of each tie shall be tied to the apron.

Check the source to verify that this is the current version before use.

2.3 Workmanship. The apron and ties shall be clean, well made, and free from defects that may affect appearance or serviceability.

2.4 Metric products. Products manufactured to metric dimensions will be considered on an equal basis with those manufactured using inch-pound units, providing they fall within tolerances specified and all other requirements of this document are met.

3. REGULATORY REQUIREMENTS

3.1 Regulatory requirements. The offeror/contractor is encouraged to use recovered materials to the maximum extent practicable, in accordance with paragraph 23.403 of the Federal Acquisition Regulation (FAR).

4. QUALITY ASSURANCE PROVISIONS

4.1 Product conformance. The products provided shall meet the salient characteristics of this CID, shall conform to the producer's own drawings, specifications, standards, and quality assurance practices, and shall be the same product offered for sale in the commercial market. The government reserves the right to require proof of such conformance.

5. PACKAGING, PACKING AND MARKING

5.1 Packaging, packing and marking. The packaging, packing, and marking shall be as specified in the contract or order.

6. NOTES

6.1 Ordering data. Purchasers should select the preferred options permitted herein and include the following information in procurement documents:

a. Title, number, and date of this CID.
b. The packaging, packing and marking desired.

6.2 National Stock Number. NSN 8415-00-899-3026 references this document.
