SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
Rules and Regulations - Rule 102

(Application for copies should be addressed to the South Coast Air Quality Management District, 9150 E. Flair Drive, El Monte, CA 91731.)

"(Industry association specifications and standards are generally available for reference from libraries. They are also distributed among technical groups and using Federal agencies.)

"2.3 Order of precedence. In the event of a conflict between the text of this specification and the references cited herein, the text of this specification shall take precedence."

PAGE 4

3.2, line 2: After the word "roller" add "or".

PAGE 5

3.13, line 4: After the word "For" add "qualification testing of" and after the word "shall" add "also".

3.13, line 6: Delete and substitute "COF of type IV (after cable wear testing) shall not be less than 1.00 dry; 0.95 wet or oily (see table II)."

PAGE 8

TABLE II, Item column, line 19: Delete "type III" and substitute "type IV".

PAGE 9

4.3.2: Delete in its entirety and substitute:

"4.3.2 Qualification approval. Since type IV materials are required to meet all requirements that constitute approval of type III materials, qualification approval for type IV shall also constitute approval of these same products for type III. However, because type IV materials are required to meet additional requirements, approval for type III does not constitute approval for type IV. Separate qualification approval is required for products specifically intended for type III use."
