MILITARY SPECIFICATION

CONVERTER, SPEED, UNDERWATER LOG

This amendment forms a part of Military Specification MIL-C-18012B-(SHIPS), 2 May 1962.

Page 1, paragraph 1.1 Delete and substitute

"1.1 Scope —This specification covers speed converters for use in Naval ships having equipment installed which requires a speed input different from that transmitted by the underwater log system. The speed converter receives an input from the underwater log system and converts it to the type of signal required for the equipment receiving the signal "
