COMMERCIAL ITEM DESCRIPTION

TOOTH POWDER

The General Services Administration has authorized the use of this Commercial Item Description in lieu of Federal Specification FFF-D-191.

Salient characteristics:

The product shall be a powder containing cleaning and polishing agents for use with a toothbrush to clean the teeth.

The tooth powder shall comply with the Federal Food, Drug, and Cosmetic Act, and rules and regulations published under the Act (21 CFR 1 Regulations for the Enforcement of the Federal Food, Drug and Cosmetic Act.).

NOTE: Purchasers should specify the size containers of tooth powder required.

Certification. The contractor shall certify that the product offered meets the salient characteristics of this description, and that the product conforms to the producer's own drawings, specifications, standards and quality assurance practices and is the same product offered for sale in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to the first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Packaging, packing and marking. The tooth powder shall be packaged in accordance with normal commercial practice and packed in fiberboard boxes that will assure acceptance by common carrier and provide product protection against loss and damage during multiple shipments, handling and storage. The shipping container shall be in compliance with National Motor Freight Classification and Uniform Freight Classification. Shipping containers shall be marked as specified in the contract or order.
