COMMERCIAL ITEM DESCRIPTION

SOAP, GRIT (CAKE PUMICE SOAP)

The General Services Administration has authorized the use of this commercial item description, for all federal agencies.

1. Scope. This commercial item description covers pumice soap in cake form for removing oil, grease, and other heavy occupational soils from the hands.

2. Salient Characteristics:

The product shall conform to ASTM D 2955 -Standard Specification for Hand Scrubbing Soap (Grit Soap) Paste and Bar, Type B -Bar Soap; except that the maximum for free fatty acid shall be 3.0 percent. The issue of the ASTM D 2955 in effect on the date of the solicitation shall be used to determine compliance with this requirement.

3. Product Conformance. The products provided shall meet the salient characteristics of this commercial item description, conform to the producer's own drawings, specifications, standards, and quality assurance practices and be the same product offered for sale in the commercial market. The Government reserves the right to require proof of such conformance.

ASTM standards are available from the American Society for Testing and Materials, 100 Barr Harbor Drive, West Conshohocken, PA 19428-2959.

NOTE: The contractor may use his normal quality assurance procedures for manufacture of this product; however, should a disagreement arise between the Government and its customer or between the Government and the manufacturer concerning compliance to the salient characteristics of this commercial item description, the test methods and tests stated in this commercial item description will be used to determine compliance of the product.

Beneficial comments, recommendations, additions, deletions, clarification, etc., and any data which may improve this document, should be sent to: GSA, Paints and Chemicals Center, 400 15th Street, S.W., Auburn, WA 98001.
