COMMERCIAL ITEM DESCRIPTION

SOAP, TOILET (MILLED CAKE)

The General Services Administration has authorized the use of this commercial item description in lieu of Federal Specification P-S-620.

Salient characteristics:

The toilet soap cakes shall comply with ASTM D 455 - Standard Specification for Milled Toilet Soap, except that Section 4 - Basis of Purchase - shall not apply. The issue of ASTM D 455 in effect on the date of the solicitation shall be used to determine compliance with this requirement.

Note. Purchasers should specify the cake weight required.

Certification. The contractor shall certify that the product offered meets the salient characteristics of this description, and that the product conforms to the producer's own drawings, specifications, standards and quality assurance practices and is the same product offered for sale in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to the first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Packaging, packing and marking. The soap cakes shall be packaged in accordance with normal commercial practice and packed in fiberboard boxes that will assure acceptance by common carrier and provide product protection against loss and damage during multiple shipments, handling and storage. The shipping container shall be in compliance with National Motor Freight Classification and Uniform Freight Classification. Shipping containers shall be marked as specified in the contract or order.

ASTM Standards are available from the American Society for Testing and Materials, 1916 Race Street, Philadelphia, PA 19103.
