3. REQUIREMENTS

3.1 General requirements common to all small arms, weapons and accessories and contained in Specification 52-0-1 shall be mandatory insofar as they are applicable.

3.2 Reflector shall be mounted rigidly in the assembled instrument.

3.3 Surface quality of the optical component used for the reflector shall be 60-40 or better in accordance with Specification 51-70-2.

3.4 Materials shall be in accordance with the applicable drawings and specifications forming part of this specification.

3.5 Workmanship shall be of the highest grade throughout and in accordance with good commercial practice for this type of equipment.

4. SAMPLING, INSPECTION, AND TEST PROCEDURES

4.1 Unless otherwise specified, each instrument and component part shall be inspected for conformance with this specification and as specified in Specification 52-0-1.

5. PREPARATION FOR DELIVERY

5.1 Packaging Packing and Marking shall be in accordance with Specification MIL-P-12345.

6. NOTES

6.1 Intended Use - This instrument is used in conjunction with Rifle, M1 for instruction purposes. Aiming Device, M2, (R.H.) will be used for training right-handed personnel. Aiming Device L.H. will be used for left-handed personnel.

6.2 Ordering Data - Invitation for bids and contracts should specify the title, number and date of this specification and type of packing.

NOTICE: This specification, together with specifications and drawings pertaining to it and bearing a "NOTICE" of similar restrictions, is intended for use only in connection with procurement by the United States Government; and shall not be reproduced either wholly or in part except when authorized in connection with Government procurement, nor be used for any other purpose except when specifically authorized by the Chief of Ordnance.
