COMMERCIAL ITEM DESCRIPTION

COAL TAR GEL

The General Services Administration has authorized the use of this Commercial Item Description.

Salient characteristics.

Shall be Coal Tar Gel.

Shall be a tar gel of the following formulation:

Coal Tar Extract	1.80 - 2.25% w/w
*Absolute Ethyl Alcohol	13.40 - 17.00% w/w
Aqueous Gel Base (Base may contain surfactant solvent, emollients and thickening agents as necessary.)	

*A suitable denatured ethyl alcohol may be used.

Shall assay to contain not less than 1.60 percent and not more than 2.05 percent of coal tar extract (0.275 percent to 0.600 percent coal tar), when determined by a suitable, accurate and reproducible method.

Shall assay to contain not less than 12.4 percent and not more than 15.1 percent of ethanol, when determined by a suitable, accurate and reproducible method.

Identification of coal tar in the finished product shall be performed by a suitable method.

The pH of the finished product shall be not less than 4.5 and not more than 6.0 when determined by the USP method.

The "coal tar extract" ingredient shall be a solution of coal tar in Polyoxyethylene-4-Lauryl Ether (Laureth-4). It shall assay to contain not less than 25.0 percent and not more than 40.0 percent coal tar, when determined by a suitable, accurate and reproducible method.

All ingredients used shall be of pharmaceutical grade.

AMSC/NA FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Workmanship. The gel shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Tube (TU). One tube containing 85 grams (3 oz), as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580, as amended, and as implemented by Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.
