COMMERCIAL ITEM DESCRIPTION

CHLORPROMAZINE HYDROCHLORIDE INJECTION, USP

The General Services Administration has authorized the use of this Commercial Item Description as a replacement for Military Specification MIL-C-37611 which is cancelled.

Salient characteristics.

Shall be Chlorpromazine Hydrochloride Injection, USP.

Shall be in accordance with the requirements of the USP.

Shall contain 25 mg of Chlorpromazine Hydrochloride in each ml of the injection within the applicable assay limits for the injection.

All materials entering into the manufacture of the injection shall be of pharmaceutical grade.

Workmanship. The product shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Package (PG).

For Size 1, shall be supplied 2 ml in an ampul. One package containing 10 ampuls, as specified, constitutes one unit.

For Size 2, shall be supplied 2 ml in an ampul. One package containing 100 ampuls, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

AMSC/NA FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580, as amended, and as implemented by Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.
