MIL-C-22809 (WP)
Amendment-1
24 February 1965

MILITARY SPECIFICATION

COOLING-PUMPING GROUP
AN/AWA-6

This amendment forms a part of Military Specification MIL-C-22809 (Wep) of 29 January 1962, and has been approved by the Bureau of Naval Weapons, Department of the Navy.

This amendment deletes requirements for the furnishing of data not considered essential and relocates essential data. No attempt has been made to update any other part of this specification.

Page 3, paragraph 3.1.1 Nonstandard Part and Material Approval: Delete entire paragraph.

Page 4, paragraph 3.1.2.1 Electron Tube Complement: Delete entire paragraph.

Page 18, paragraph 4.2.1, lines 3, 4, and 5: Delete the second sentence "Data obtained by the contractor_____."

test procedures for these tests and shall submit the test procedures to the procuring activity for approval prior to conducting special tests (see 4.4.3.2).

"6.5.5 Equipment Failure Data - Should a failure(s) occur during either the sampling or special tests, the contractor shall submit to the procuring activity for approval proposed corrective action intending to reduce the possibility of the same failure(s) occurring in future tests (see 4.4.4).

"6.5.6 Equipment Changes Data (see 4.9) - To obtain procuring activity approval for equipment changes, the contractor shall submit an Engineering Change Proposal (ECP) giving the necessary information concerning the change. This shall apply for either a procuring activity's recommended change or a contractor's proposed change. When required, the contractor shall also prepare a Material Change (MC) and a Material Bulletin (MB) to cover the approved change. Engineering Change Proposals, Material Changes, and Material Bulletins shall be prepared in accordance with SAR-300."
