SS-C-1960/5
CANCELLATION
February 5, 1985

FEDERAL SPECIFICATION SHEET

POZZOLAN, FOR USE IN PORTLAND CEMENT CONCRETE

This cancellation is approved by the Assistant Administrator, Office of Federal Supply and Services, General Services Administration.

Federal Specification SS-C-1960/5A, dated August 28, 1978, is hereby canceled.

The American Society for Testing and Materials (ASTM) Standard C 618, Fly Ash and Raw or Calcined Natural Pozzolan For Use as a Mineral Admixture in Portland Cement Concrete, adequately covers the requirements for this material.
