WW-T-756D
CANCELLATION
November 7, 1972

TUBES; CONDENSER AND FERRULE STOCK, INHIBITED ADMIRALTY METAL (COPPER ALLOY NUMBERS 443, 444, AND 445)

This cancellation was approved by the Commissioner, Federal Supply Service, General Services Administration, Washington, DC 20406.

Federal Specification WW-T-756D, dated March 6, 1963, is hereby cancelled, due to insufficient procurement requirements for this item. ASTM B111, Copper and Copper-Alloy Candenser Tubes and Ferrule Stock may be used in lieu of WW-T-756D.
