Check the source to verify that this is the current version before use.

NOTES:

1. The term (REF) refers to the measurements taken from the Government furnished hub or die.

2. The pendant ring shall be fabricated from 0.050 inch ± 0.002 inch nominal diameter wire with the same material and finish as the pendant. The ring shall have an outside diameter of 0.200 inch ± 0.010 inch. The ring shall be hard soldered to the top center of the pendant as shown.

3. The ribbon for the pendant drape shall conform to MIL-DTL-11589/14.

CHANGES FROM PREVIOUS ISSUE: The margins of this specification are marked with vertical lines to indicate where changes from the previous issue were made. This was done as a convenience only and the Government assumes no liability whatsoever for any inaccuracies in these notations. Bidders and contractors are cautioned to evaluate the requirements of this document based on the entire content irrespective of the marginal notations and relationship to the last previous issue.
