NOTICE: When Government drawings, specifications, or other data are used for any purpose other than in connection with a definitely related Government procurement operation, the United States Government thereby incurs no responsibility, nor any obligation whatsoever; and the fact that the Government may have formulated, furnished, or in any way supplied the said drawings, specifications, or other data is not to be regarded by implication or otherwise as in any manner licensing the holder or any other person or corporation, or conveying any rights or permission to manufacture, use, or sell any patented invention that may in any way be related thereto.

NOTE: Referenced document shall be the issue in effect on date of invitation for bids.

This standard limits the sizes and material of special design galvanized steel lock washers for use by the Bureau of Ships to those shown hereon. It is mandatory for use effective on date of issue.
