MIL-R-38162B(USAF)
AMENDMENT 1
3 May 1979

MILITARY SPECIFICATION

RADIOSONDE SET, AN/AMT-13()

This amendment forms a part of Military Specification MIL-R-38162B(USAF) dated 11 November 1971.

PAGE 1

2.1 under SPECIFICATIONS Military: Delete title of MIL-P-116 - "Preservation, Method of" and substitute: "Preservation-packaging, Methods Of"

PAGE 2

3.4 add a new second sentence as follows: "Reclaimed material shall be used to the maximum extent possible without jeopardizing the intended use of the item."

PAGE 5

3.7.2.1 line 1, delete "300" and substitute "410 to 450"

line 3, delete "50 milliseconds" and substitute "50 milliseconds minimum"
line 3, delete the last sentence beginning with "The period times shall .." and substitute: "The commutator shall complete one sampling cycle every six seconds ± 1 second."
