DATA ITEM DESCRIPTION
Title: SOFTWARE LICENSE REQUIREMENTS LIST

Number: DI-PSSS-82046
AMSC Number: N9672
DTIC Applicable: No
Preparing Activity: AS
Applicable Forms: N/A

Approval Date: 20160628
Limitation: N/A
GIDEP Applicable: No
Project Number: PSSS-2016-014

Use/relationship: The Software License Requirements List provides information that sustainment activities require to procure software licenses required to operate and maintain software intensive systems as part of the Department of Defense Program Manager's total life cycle management responsibilities.

This Data Item Description (DID) contains the format, content, and intended use of information for the data product resulting from the work task described by the solicitation.

The data may be obtained during any program life cycle phase.

Requirements:

1. Format. Contractor's format is acceptable. The Software License Requirements List shall be in a format similar to that of Table 1 and shall be provided in an electronic format compatible with current spreadsheet applications (ex. Microsoft Excel)

2. Content. The Software License Requirements List shall contain all of the information specified in Table 1. All fields shall be included. Fields that do not require data shall be left blank. The information shall be included for all software licenses required to operate the system specified in the contract.

Table 1: Field Definitions and Instructions

Field Name	Definition	Notes and Instructions
Software Licensed	Name of the software being licensed	Required
Software Version Licensed	Version number of the software being licensed	Required
Software Description	Brief description of the software being licensed including whether or not it is commercial software	Required
Licenses Required	Number of licenses required, **per aircraft**, to operate the system	Required
License Requirement Notes	Narrative description of the software license requirement. Include a description of the type of license required if it differs from one software license per aircraft	Required if Licenses Required field is not "one"
License Term	Length of time the software license is valid	Required. If license does not expire, include that information here
License Expiry Date	Date current software license will expire	Required if licenses are currently in place to operate the software
License Price	Price of the software license	Required (If no-cost, indicate no-cost license)
Maintenance Agreement	Information regarding whether or not software maintenance or updates are included in the software license	Required
Company Name	Name of the company licensing the software	Required
Company CAGE	Commercial and Government Entity (CAGE) code of the company licensing the software	Required if the company has a CAGE assigned
Procurement Information	Information describing where the Government can procure the license described	Required
