COMMERCIAL ITEM DESCRIPTION

BULB, PIPET, DROPPING

The General Services Administration has authorized the use of this commercial item description in preference to Federal Specification NNN-B-788.

This commercial item description covers the requirements for pipet dropping bulbs suitable for use in filling pipets in laboratory procedures.

Salient characteristics.

Shall be a pipet dropping bulb fabricated of new non-blooming rubber. Shall have a capacity of 2 milliliters. Shall be ovoid in shape with one end closed and the other ending in a neck. The neck shall have a circular opening into the interior of the bulb. The diameter of the bulb opening shall be 5 ± 1 millimeter (mm). The bulb shall have a reinforcing bead at the neck opening. At midpoint of, and at right angles to the longitudinal axis there shall be a reinforcing rim integral to the body. The wall thickness of the bulb shall be nominally 0.4 mm. Shall have the following dimensions:

OVERALL LENGTH	40 ± 5 MM
DIAMETER OF BODY	8 ± 1 MM

Workmanship. The bulb shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Package (PG). One package containing twelve bulbs, as specified, constitutes one unit.

AMSC N/A FSC 6640

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Metric products. Products manufactured to metric dimensions will be considered on an equal basis with those manufactured using inch-pound units, providing they fall within the tolerances specified using conversion tables contained in the latest revision of Federal Standard 376, and all other requirements of this document are met. If a product is manufactured to metric dimensions and those dimensions exceed the tolerances specified in the inch-pound units, a request should be made to the contracting officer to determine if the product is acceptable. The contracting officer has the option of accepting or rejecting the product.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U. S. Food and Drug Administration to be under its jurisdiction, the offeror/ contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, The offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local ststutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580, as amended, and as implemented by Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.

INSTRUCTIONS In a continuing effort to make our standardization documents better, the DoD provides this form for use in submitting comments and suggestions for improvements. All users of military standardization documents are invited to provide suggestions. This form may be detached, folded along the lines indicated, taped along the loose edge *(DO NOT STAPLE)*, and mailed. In block 5, be as specific as possible about particular problem areas such as wording which required interpretation, was too rigid, restrictive, loose, ambiguous, or was incompatible, and give proposed wording changes which would alleviate the problems. Enter in block 6 any remarks not related to a specific paragraph of the document. If block 7 is filled out, an acknowledgement will be mailed to you within 30 days to let you know that your comments were received and are being considered.

NOTE This form may not be used to request copies of documents, nor to request waivers, deviations, or clarification of specification requirements on current contracts. Comments submitted on this form do not constitute or imply authorization to waive any portion of the referenced document(s) or to amend contractual requirements.
