COMMERCIAL ITEM DESCRIPTION

RELAYS, ELECTROMAGNETIC, RELAY MODULE EXTRACTION TOOL

The General Services Administration has authorized the use of this commercial item description (CID) as a replacement for "Relays, Electromagnetic, Relay Extraction Tool" of MIL-PRF-6106/31 for all federal agencies.

1. SCOPE. This CID covers the general requirements for an extraction tool for electromagnetic relays. The extraction tool for electromagnetic relays covered by this CID are intended for commercial/industrial applications.

2. CLASSIFICATION/PART OR IDENTICATION NUMBER (PIN). This CID uses a classification system which is included in the Part Identification Number (PIN) as shown in the following example (see 7.1).

AA59546	-	001
CID number		Dash number

Beneficial comments, recommendations, additions, deletions, clarifications, etc., and any data that may improve this document should be sent to: DLA Land and Maritime, ATTN: VAT, P.O. Box 3990, Columbus OH 43218–3990, or email relay@dla.mil. Since contact information can change you may want to verify the currency of the address information using the ASSIST Online database at https://assist.dla.mil/.

Check the source to verify that this is the current version before use.

3. SALIENT CHARACTERISTICS.

3.1 Interface and physical dimensions. An extraction tool for electromagnetic relays supplied to this CID shall be as specified herein (see figure 1).

Inches	mm	Inches	mm
.010	0.25	.500	12.70
.020	0.51	.765	19.43
.030	0.76	.810	20.57
.090	2.29	1.010	25.65
.095	2.41	1.100	27.94
.140	3.56	1.687	42.85
.375	9.52		

NOTES:
1. Dimensions are in inches.
2. Metric equivalents are given for general information only.

FIGURE 1. Outline drawing, relay extraction tool.

3.2 Material: Nonconductive. Acetal thermoplastic has been considered acceptable.

3.3 Capability: The extraction tool for electromagnetic relays shall be capable of removing relays from relay bracket mount, MIL-DTL-12883/53.

3.4 Marking. An extraction tool for electromagnetic relays supplied to this CID shall be marked with the manufacturer's (MFR's) standard commercial PIN. (NOTE: The part number marked on the unit pack shall be the CID PIN.)

Check the source to verify that this is the current version before use.

3.5 Recycled, recovered, or environmentally preferable, or biobased materials. Recycled, recovered, or environmentally preferable, or biobased materials should be used to the maximum extent possible provided that the material meets or exceeds the operational and maintenance requirements, and promotes economically advantageous life cycle costs.

3.6 Workmanship. The extraction tool for electromagnetic relays shall be processed in such a manner as to be uniform in quality and shall be free from other defects that will affect life, serviceability, or appearance.

4. REGULATORY REQUIREMENTS.

4.1 Recycled/recovered materials. The offeror/contractor is encouraged to use recovered materials to the maximum extent practicable, in accordance with paragraph 23.403 of the Federal Acquisition Regulation (FAR).

5. PRODUCT CONFORMANCE PROVISIONS.

5.1 Product conformance. The products provided shall meet the salient characteristics of this CID, conform to the producer's own drawings, specifications, standards, and quality assurance practices, and be the same product offered for sale in the commercial market. The Government reserves the right to require proof of such conformance.

6. PACKAGING.

6.1 Preservation, packing, and marking. Preservation, packing, and marking shall be as specified in the contract or order.

7. NOTES.

7.1 PIN. The PIN should be used for Government purposes to buy commercial products to this CID. See section 2 for PIN format example.

7.2 Commercial and Government Entity (CAGE) code. For ordering purposes, inventory control, and submission of this extraction tool for electromagnetic relays to DLA Land and Maritime under the Parts Management Advisor Team (PMAT) evaluation program, CAGE code 58536 should be used

7.3 Source of documents.

FEDERAL SPECIFICATION

MIL-DTL-12883/53 - Sockets and Accessories for Plug-In Electronic Components, Mounting Track, for Relay Sockets and Electromagnetic Relays

(Copies of this document is available online at https://quicksearch.dla.mil.)

FEDERAL REGULATIONS

FAR – Federal Acquisition Regulations (FAR)

(Copies of this documents is available online at http://www.acquisition.gov/far/.)

7.4 Ordering data. The contract or order should specify the following:

a. CID document number, revision, and CID PIN.

b. Product conformance provisions.

c. Packaging requirements.

Check the source to verify that this is the current version before use.

7.5 Commercial products. As part of the market analysis and research effort, this CID was coordinated with the following manufacturers of commercial products. At the time of CID preparation and coordination, this manufacturer was known to have commercial products that would meet the requirements of this CID. (NOTE: This information should not be considered as a list of approved manufacturers or be used to restrict procurement to only the manufacturers shown.)

MFR's CAGE	MFR's name and address
58657	Leach International Corp 6900 Orangethorpe Ave. P.O. Box 5032 Buena Park, CA 90620 (714) 736-7328

7.6 Part number (P/N) supersession data. These CID PINs supersede the following manufacturer's P/N's as shown. This information is being provided to assist in reducing proliferation in the Government inventory system.

TABLE I. P/N supersession data.

Dash number (see table I) AA59546-	MFR's CAGE	MFR's P/N 1/
001	58657	002-3668-000

1/ The manufacturer's P/N shall not be used for procurement to the requirements of this CID. At the time of preparation of this CID, the aforementioned commercial products were reviewed and could be replaced by the CID PIN shown.

7.7 Government users. To acquire information on obtaining these extraction tool for electromagnetic relays from the Government inventory system, contact DLA Land and Maritime, ATTN: (VAT), P.O. Box 3990, Columbus, OH 43218–3990, or telephone (614) 692–4481.

7.8 Changes from previous issue. The margins of this CID are marked with a vertical line to indicate where changes from the previous issue were made. This was done as a convenience only and the Government assumes no liability whatsoever for any inaccuracies in these notations. Bidders and contractors are cautioned to evaluate the requirements of this document based on the entire content irrespective of the marginal notations and relationship to the last previous issue.
