					**11/16-20UN-2A	0.406					

* Standard sizes.
*** These items are inactive for new design after 30 December 1971.

NOTES:
1. MATERIAL: Brass, in accordance with procurement specification.
2. PROTECTIVE COATING: None.
3. DIMENSIONS AND TOLERANCES: Dimensions and tolerances not shown shall be in accordance with the SAE Standard for Spherical Sleeve (Compression) Tube Fittings (SAE J246).
4. THREADS: Threads shall be in accordance with Screw-Thread Standards for Federal Services, Handbook H28.
5. PART NUMBER: The MS part number consists of the MS number, plus the dash number.
   A. For complete item (with nuts and sleeves), use the MS number, plus the assembly dash number. Example: MS39190-1.
   B. For the body only, use the MS number, plus the body dash number. Example: MS39190-21.
6. Reference documents shall be of the issue in effect on date of invitations for bid.
7. For design feature purposes, this standard takes precedence over procurement documents referenced herein.
8. The illustration is for identification and is not intended to restrict designs or shapes not dimensioned.
** 9. *For M_1 end of dash number 6, see dimensional* data following its asterisked thread designation under column B.
10. Previously inactive bodies, dash numbers 21, 22, 23 and 25 are now active for design only; normally for replenishment the complete assembly should be requisitioned.
