MILITARY SPECIFICATION

TRIPOD, SURVEYING: EXTENSION-LEG-TYPE

This amendment forms a part of Military Specification MIL-T-14091D(ME) dated 23 November 1981 and is approved for use by the US Army Mobility Equipment Research and Development Command, Department of the Army and is available for use by all Departments and Agencies of the Department of Defense.

PAGE 3

3.1, line 4, delete "instrument fastener fixture" and substitute "plumbline holding device. When a bayonet-type plumbline holder is provided, an additional standard plumbline holder shall be furnished for arctic use (see figure 1)."

PAGE 4

3.7, line 3, after "tripod head" add "(milled head);"

3.7.1, at end of paragraph, add "The grip portion of the plumbline holding device shall be long enough to permit the insertion of the plumbline holding device into the instrument fastener by an operator whether he is or is not wearing arctic gloves."

PAGE 6

3.12, delete and substitute:

"3.12 Plumb bob. The plumb bob shall conform to MS15747-8. The plumb bob shall be furnished with not less than 7.5 feet of braided linen cord, cord adjuster, and plumbline holding device all assembled for operation."

PAGE 8

4.5.1, Major, add:

"117. Plumbline holding device quick-connect/disconnect not as specified."

PAGE 9

4.6.1.3, Major, 121, delete and substitute:

"121. Plumb bob assembly, plumbline holding device and wrench not contained in the case."
