COMMERCIAL ITEM DESCRIPTION

BOWLS, FOOD MIXING (STAINLESS STEEL)

The General Services Administration has authorized the use of this commercial item description in lieu of Federal Specification RR-B-1242.

This commercial item description covers stainless steel mixing bowls supplied individually or as a 3-piece set, as specified.

Class 1 - Individual bowl
- Size A - 3/4 quart capacity
- Size B - 1 - 1/2 quart capacity
- Size C - 3 quart capacity
- Size D - 4 quart capacity
- Size E - 5 quart capacity

Class 2 - Bowl set consisting of one each of sizes A, B, and D.

Salient characteristics:

1. Class 1
   - A. Seamless, one-piece construction
   - B. Minimum thickness: 30 gauge (0.012 nominal)
   - C. Top shall have a circumferential lip for handling and lifting.
   - D. Bottom resting surface shall be flat or have a shallow inward crown.
2. Class 2
   - A. Bowl set shall include one each of the class 1, size A, B, and D bowls.

Workmanship. The finished bowls shall be clean, well made, and free from any defect which may affect appearance or serviceability.

Certification. The contractor shall certify that the product offered meets the salient characteristics of this description and that the product conforms to the producer's own drawings, specifications, standards and quality assurance practices, and is the same product offered for sale in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Recovered materials. The manufacturer shall utilize recovered materials to the maximum extent practicable.

Packaging, Packing and Marking. The bowls shall be packaged in accordance with normal commercial practice and packed in fiberboard boxes to assure acceptance by common carrier and provide product protection against loss and damage during multiple shipments, handling, and storage. The shipping container shall be in compliance with the National Motor Freight Classification and Uniform Freight Classification. Marking shall be as specified in the contract or order.
