5120-00-224-3144	1-1/16	1-1/4
5120-00-264-5212	1-1/4	1-5/16
5120-00-224-3137	1-1/4	1-3/8
5120-00-277-1582	1-7/16	1-1/2
5120-00-277-1583	1-7/16	1-5/8

The issue of ANSI B107.6 in effect on the date of the solicitation shall be used to determine compliance with stated requirements.

Certification. The contractor shall certify that the product offered meets salient characteristics of this description and that the product conforms to the producer's own drawings, specifications, standards, and quality assurance practices and is the same product offered for sale in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Recovered materials. The manufacturer shall utilize recovered materials to the maximum extent practicable

Preservation, packaging, packing, and marking. Each wrench shall be preserved and packaged in accordance with normal commercial practice that will assure acceptance by common carrier and provide product protection against loss and damage during multiple shipments, handling and storage. The shipping container shall be in compliance with National Motor Freight Classification and Uniform Freight Classification. Marking shall be as specified in the contract or order.

ANSI Standards are available from American National Standards Institute, Inc., 1430 Broadway, New York, NY 10018.
