# COMMERCIAL ITEM DESCRIPTION
# HOLDERS, BINDER LABEL

The General Services Administration has authorized the use of this commercial item description as a replacement for Federal Specification GG-H-1314 which has been cancelled.

This commercial item description covers binder label holders in two sizes, with insertable labels, and plastic window covers.

## 1. Salient Characteristics

The body of the holder shall be one continuous piece of strip steel or plastic with provisions for back assembly of the slip on clip, and retention of the insert label and plastic window.

The holder shall be of the size listed below for use with the binder capacity size indicated and shall be held on the binder by a spring clip made from one continuous piece of spring steel.

Dimensions: (Tolerance of plus or minus 1/8 inch)

Size 1. For use with 1 inch binder capacity.
Width: 1-1/4 inch
Height: 2-3/4 inch

Size 2. For use with 2 inch binder capacity.
Width: 2-7/16 inch
Height: 2-3/4 inch

When in place, the design of the holder shall be such that it retains the label and window.

All holders shall be black.

Workmanship. Holders shall be free from defects in material and workmanship which may affect appearance or serviceability.

## 2. Quality Assurance

Each lot of holders shall be inspected for conformance to the requirements herein. Sampling for inspection shall be in accordance with MIL-STD-105 using the plans specified below.

FSC 7510
