FEDERAL SPECIFICATION

FIRE-EXTINGUISHING-LIQUID; CARBON-TETRACHLORIDE BASE

This cancellation was approved by the Commissioner, Federal Supply Service, General Services Administration, for the use of all Federal agencies.

Federal Specification O–F–380a, dated December 8, 1944, is hereby cancelled.

The inherent danger to personnel being exposed to the toxic vapors and toxic products of the pyrolytic decomposition of the carbon tetrachloride base fire extinguishing agent make the continued use of this type fire extinguisher by agencies of the Federal Government undesirable.
